

TRIMURTI[®]
SUNDARTA KI PEHCHAN

READY MIX PLASTER

DESCRIPTION

Trimurti Ready Mix Plaster is a polymer modified ready-to-use plaster made from 53 grade OPC cement in both gray and white base. It is designed to provide smooth finish on internal and external plastered surface. It gives strong adhesion to wall with excellent water resistant, crack free functionality which will protect the wall and also cover the rough surface of wall, column and other parts of the building. This provides a flat base for painting, reduces maintenance inconvenience and speeds up construction.

AREA OF APPLICATION

- ✔ Brick & AAC Block
- ✔ Concrete surface
- ✔ Interior & Exterior Walls
- ✔ General Purpose Repair & Plastering

KEY FEATURES & BENEFITS

Reduce Water Absorption

Less Curing & Wastage

Smooth Plastering

Save Time & Cost Effective
